CONVENTION ATTENDEE BOOKLET

The convention booklet is printed material that is included in every attendee's welcome package. It includes a full schedule of events and dances for the entire weekend as well as notices, welcome letters and coupons from local businesses.

The booklet is usually referred to several times per day to plan which dances and events the attendee wants to go to. This means that your company's information will be seen by hundreds of dancers multiple times per day making it an excellent place to market your goods and services.
